ABOUT US

An independent lab built on quality and trust

HumanCare Pathlabs Pvt. Ltd. is an independent medical laboratory in Okhla, New Delhi. We run on a documented quality management system, calibrated equipment and qualified laboratory professionals, and our NABL accreditation (certificate MC-10015) is assessed against ISO 15189, the international standard for medical laboratories.

For corporates, that means one accountable partner for testing, reporting and coordination: from a single new-hire medical to a yearly wellness drive across locations.

WHY CORPORATES CHOOSE HUMANCARE

01 **NABL accredited lab**
Reports for tests in our NABL scope are produced under ISO 15189 quality systems.

02 **One lab, full workup**
Blood, urine, X-ray, ECG, PFT and audiometry in a single visit plan.

03 **Lab, on-site or home**
Employees visit the lab, or our trained team comes to your office or site.

04 **HR-ready digital reports**
Reports go to the HR contact you nominate. Results are kept confidential.

05 **Panels built for your policy**
Standard or extended panels, matched to job role and your company policy.

06 **Planned around your shifts**
Camps and collection schedules designed so work is not disrupted.

WORDS FROM THE DIRECTOR

We built HumanCare Pathlabs around precision, reliability and confidentiality. For every employer we serve, our aim is simple: accurate reports, delivered on time, handled with care. We are a trusted partner for your people's health.

S. A. Rahim
Director | M.Sc. Clinical Microbiology

Brochure & website designed by **A3 Digital Services** | We design websites, apps, branding & digital marketing | a3digitalservices.com

THE PROCESS

From enquiry to reports in four simple steps

1

Share your requirement

Headcount, locations, tests needed and timelines.

2

Get a quotation and schedule

We confirm the panel, rates, and whether lab visits or on-site collection suit you best.

3

Checkups are done

Employees visit our lab, or our trained team comes to your site with defined patient identification and sample handling steps.

4

Reports reach HR

Digital reports go to the contact you nominate, with results kept confidential.

Confidentiality and reporting

- Defined protocols for patient identification, sample handling and confidentiality.
- Results go to the employee and to the contact your company nominates.
- We provide test results. The final fitness decision stays with the employer and their medical officer.
- Turnaround depends on the tests and is confirmed in your quotation.

Where we work

- **Delhi**
  Walk-in at our Okhla lab, and on-site
- **Noida**
  On-site collection and camps
- **Gurugram**
  Scheduled on-site collection drives

Neighbourhood coverage: Okhla, Shaheen Bagh, Batla House, Zakir Nagar, Kalindi Kunj, Sarita Vihar, Jasola.

For a faster quotation, keep these ready

- Number of employees
- Locations and city
- Tests or panel needed
- Preferred dates
- Insurer or destination checklist (if any)

QUESTIONS HR TEAMS ASK

Quick answers before you get in touch

Do you offer on-site checkups at our office?

Yes. For larger teams we arrange on-site sample collection and selected tests. Share headcount, address and tests needed and we plan it with you.

Can candidates visit with a referral letter?

Yes. Employers can send candidates with a referral letter, and candidates can book a lab visit. Selected tests can also be done at home.

Do you work with insurers, TPAs and overseas agencies?

Yes. Requirements differ by insurer and destination country, so please share the requirement letter or checklist before you send candidates.

Do you give a fitness decision?

We provide the test results. The final fitness decision stays with the employer and their medical officer.

LET'S PLAN YOUR TEAM'S HEALTH CHECKUPS

Share your headcount and location. We will send a quotation and a schedule.
